Your Guide to
Canons Brook Golf Club

Canons Brook Golf Club

Welcome to Canons Brook Golf Club

Canons Brook Golf Club is an 18 Hole championship golf club nestling into a backdrop of beautiful mature woodland on the outskirts of Harlow. It is approximately 25 miles north of London and 10 miles south of Stansted airport making it easily accessible.

The club offers a warm welcome to visitors, societies and corporate events and is rightfully proud of its heritage. It represents everything that is treasured about the game of golf, from the challenging Par 73 course through to the friendly and intimate club house.

Anyone who is interested in finding out more about the course or the excellent club house facilities are asked to contact the club secretary Sandra Langton on (01279) 421 482, by facsimile (01279) 626 393, or by e-mail, manager@canonsbrook.com.

There is also an informative website.

Welcome

The Club's History

Canons Brook Golf Club was designed by Sir Henry Cotton, whose philosophy was to create a championship length course with very little rough, but incorporating many bunkers and large undulating greens, a task he accomplished with style. The course was officially opened in 1966.

Sir Henry has designed the course in such a way that the aspiring golfer must exhibit a wide repertoire of shots if they are to master the course. It was his intention that regardless of standard, every golfer should be rewarded for thoughtful and skilful play, rather than power alone.

Situated in 112 acres of mature rolling countryside, the 18 hole, 6,769 yard par 73 championship course makes excellent use of the surrounding landscape and its numerous natural and man made hazards and beautiful features.

The Canons Brook, from which the club takes its name, meanders through various parts of the course. The Brook, as it is known, catches many a golf ball for those that fail to treat it with respect.

The twelfth hole is Sir Henry Cottons' signature hole and typifies all the holes on the course. Seemingly simple, but surrounded with problems and should be well thought out.

Sir Henry Cotton enjoyed considerable success as a golfer winning the Open Championship on three occasions. He was widely renowned as the top British golfer of his time and played in four Ryder Cup tournaments.

This rich and successful history and his unique vision have created a golf course which should be a must for any golfer who appreciates a challenge and wants to play what is probably the best course in Essex.

PAR 4

326yds
PAR 4

Brookside

A difficult hole to start and your first encounter with Canons Brook which runs from right to left across the hole. With out of bounds on the right hand side of the hole, this is not the time to slice your tee shot or your second shot.

PAR 4

Oakside

Once again, do not slice your ball on this hole as out of bounds runs the entire length of the hole. The green is fringed with trees, mounds and bunkers, not to mention the pond on the left hand side. Approach with care.

PAR 4

Ridge

A long dogleg left hole which is considered the hardest hole on the course. With trees and shrubs on both sides of the fairway, a straight drive must be the preferred option. Wander left or right at your peril.

PAR 5

Moule Hill

The first of the par 5 holes and at Stroke Index 3, the hardest of all four of them. Out of bounds on the right hand side of the fairway and numerous trees and shrubs on the left, make a straight drive essential.

PAR 3

Cotton's Cradle

A not too difficult par 3 hole, however you must be accurate. Anything left or right will find trees and anything short or long will find the strategically placed bunkers. Easy at first view, but full of problems.

Costain's Canons

A true test of golf to finish, with Canons Brook and out of bounds running the full length on the right. Trees and plantations on the left and the green tucked away behind more trees over the brook. A great finishing hole.

The Club House

The nineteenth hole is an essential part of many golfers day out. Some use the nineteenth to celebrate a good round of golf, while others use it to forget. There are few club houses who offer the levels of relaxation which can be found at Canons Brook Golf Club.

The club house retains the elegance of the existing barn style buildings adjacent to the course, nestles comfortably into the beautiful backdrop of the surrounding landscape.

The bar is open, airy and surrounded by large glass windows offering views of the course. The bar is fully licensed and you can take advantage of either a bar snack or for the larger appetites, there are excellent restaurant facilities.

The bar manager Adam Thurgood runs his operation in an efficient and organised manner catering for a wide range of beers, lagers, ciders and spirits, whilst catering manager Scott Reid offers members and visitors alike a wide choice of balanced food aimed at satisfying the most hearty of appetites.

Changing facilities are adjacent to the clubhouse and hosts changing rooms for ladies and gentlemen, with full washing and showerroom facilities.

Canons Brook Golf Club have designed and built a nineteenth hole which will live up to your expectations, so why not pay it a visit and discover it for yourself.

Corporate Golf Days

Companies put much store in the theory that team bonding leads to better understanding, better communication and ultimately higher profits. Corporate golf days are an excellent way of team bonding.

If you are in business, you may never have considered how effective a corporate golf day could be for your company.

There is no doubt that team bonding is vital to the smooth running of any business and creates better communication and understanding between departments and individuals. This can only be beneficial for everyone involved.

Golf is a great way to meet in a social environment, get to know each other on a more personal basis and

give the employees a chance to say things they may not talk about in the business arena.

You don't have to be a golfer to take part in the day, there are always back room tasks to be performed, stewards, scorers, starters and a host of other jobs, so everyone can get involved.

The benefits are instant and long lasting. Canons Brook Golf Club is the perfect venue for this type of event, not only offering an excellent days golf, but also superb post match facilities.

The separate function area in the Tithe Barn allows you to meet together after the round, discuss the days events, hold the presentations and above all, eat, drink and communicate.

Buffets or sit down dinners are all available with a wide choice of menus and an excellent range of food.

To discuss your companies personal requirements, contact Canons Brook Golf Club who will be happy to help and advise you.

International Property Sales

We have all dreamt of owning a home where the sun shines everyday, the food is fabulous and the locals friendly and helpful. Well now is the time to fulfil this dream. Interest rates are low and property is seen by many investors as a better way to invest your money.

If you are considering purchasing property overseas then you should use a company that knows what they are doing and has been doing it for many years. Such a company is International Property Sales, they have been selling overseas properties for over 22 years and have an enviable track record with thousands of satisfied customers. Spain has

traditionally been popular but in recent years Florida and the emerging markets of Bulgaria, Croatia and Eastern Europe have become increasingly popular.

International Property Sales now promote properties in over 25 countries and have thousands of properties on their books at any one time. They can arrange inspection trips and have financial advisers on hand so that you can discuss all the options available when it comes to financing your dream.

A word of advice, do not try and do it on your own. There are too many pitfalls and local laws that you need to be aware of. Use International Property Sales and they will do everything possible to ensure your purchase is trouble free. You can then start enjoying that holiday home that is no longer a dream, but a reality.

Golfing Competitions

Canons Brook Golf Club operate a large number of competitions throughout the year and these can be played in a variety of ways. Whilst Medal or Stroke play is the most popular competition format for major events, we have compiled a compendium of other possible vents. The basic rules can vary from club to club.

Foursomes

A team of two players who play alternate shots, i.e., one player tees off, player two hits the second shot, player one the third shot, and so on until they have holed out. Player two then tees off at the second hole and again the players play alternate shots. Before starting play, it would be wise to work out where the toughest driving holes fall, so the best driver of the two tees off on these holes.

Greensomes

This is a variation on Foursomes, the only difference being that both players tee off on each hole and then decide which drive to select. If they decide to take the drive of player one, the other player plays the next shot and they alternate until they have holed out.

Match Play

This format is such that each hole becomes a separate competition. It can be played as an individual or two man team event where the winner of the hole is the person who achieved the lowest net score. They are then said to be one up. The game finishes when the number of holes up exceeds the number of holes left to play.

Medal/Stroke Play

This is an individual event where you are playing against your handicap. Each hole is played and the total number of strokes taken for that hole are recorded onto your score card. When all the holes have been played, the total number of strokes taken are recorded as your gross score. You then deduct the number of strokes allowed by your handicap and this will give you your net score. The winner is the person with the lowest net score in your division.

Shotgun

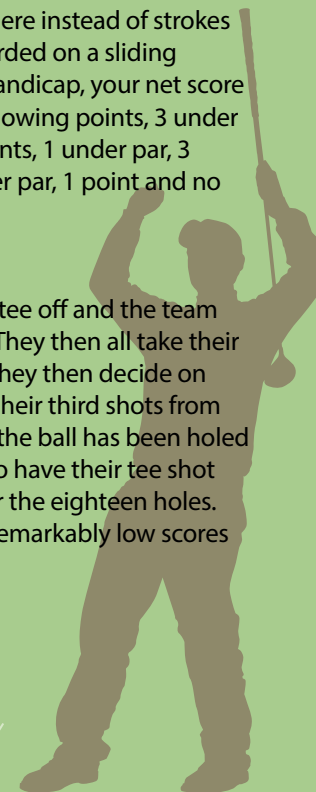

This can be played as any format with the normal rules applying. It is a social competition where all the players/teams tee off at the sound of a shotgun, allowing all players to start and finish at the same time. The social part takes place at the nineteenth hole where there is the presentation to the winners and runners up.

Stableford

An individual or team event where instead of strokes being recorded, points are awarded on a sliding scale. After allowing for your handicap, your net score on each hole will attract the following points, 3 under par, 5 points, 2 under par, 4 points, 1 under par, 3 points, level par, 2 points, 1 over par, 1 point and no points for anything above this.

Texas Scramble

A team event where all players tee off and the team agree which drive they prefer. They then all take their second shots from this point. They then decide on the best second shot and take their third shots from this point. This continues until the ball has been holed out. It is usual for each player to have their tee shot selected at least four times over the eighteen holes. A real fun format where some remarkably low scores can be achieved.

Marketing & Forward Thinking

Although the club is well respected and enjoys a fabulous 130 acres of parkland golf, designed by the famous Sir Henry Cotton, the Board of Management and its various committees are continually looking to improve the facilities, both on and off the course, on a daily basis.

With the recent introduction of a major marketing initiative, the club is moving forward to ensure the best possible facilities are available for its members, visitors and corporate guests.

New schemes are being introduced at regular intervals to encourage further membership with various innovative schemes at economic rates to

promote both beginners and experienced golfers to enjoy the experience of playing and also, being a member of, probably the best kept secret in golf in this part of the country.

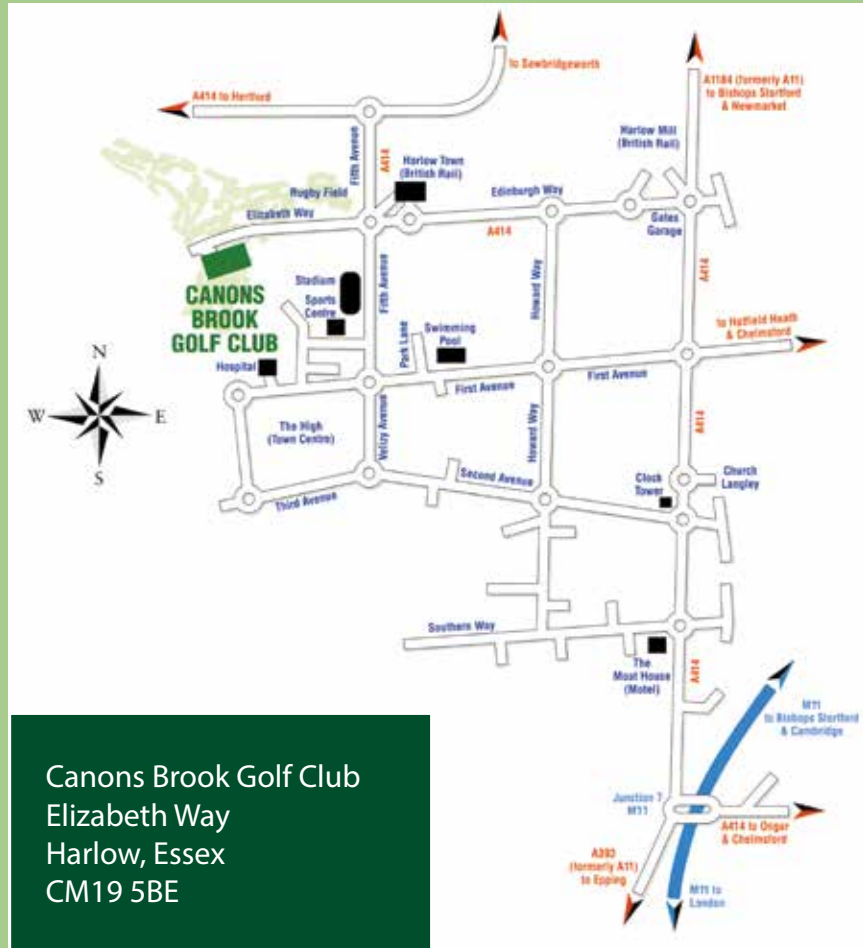

Future plans on the drawing board include a bigger and better golf shop and reception facilities, a complete overhaul and upgrade of the changing rooms, some aspects of remodelling of the course for both summer and winter, in order that societies and corporate organisations can make more use of our facilities, last but not least, to improve the feeling of pure comfort and enjoyment of both golf and leisure for all our members.

For further information about the projects in hand to maintain the Canons Brook Golf Club as the leading golfing experience, please contact the Secretary/Manager for a constant update.

Also, the Canons Brook Golf Club website www.canonsbrook.com is updated on a daily basis showing the facilities and amenities, as well as recent results and recent competitions.
