The normie & co difference!

Accompanied viewings 7 days a week

Our experienced viewing staff will show potential purchasers around your property and are best placed to receive valuable feedback.

Advertising Pledge

Don't assume all agents are the same. Normie & Co. advertise on Rightmove and Zoopla, the two biggest property portals as well as many other sites. Our commitment is simple, we want your property to be accessible to the biggest audience.

No Sale, No Fee, No Tie in

Unlike many agents we will not lock you into minimum term contracts or charge you anything upfront. Our pledge is simple, If we can't find you tenants or buyers, you don't pay. It couldn't be more simple or up-front!

Completion Specialists

We are very proud of the fact that our Completion Specialists have maintained an average 90% sales completion record. We are amazingly over twice more successful at holding on to sales than our largest competitor. This is so important because as well as disappointment, a lost sale could result in abortive legal fees, loss of onward purchase and losing the initial interest and momentum in your property.

Service Commitment

As one of the only local agents to employ an independent unbiased review site, we are committed to listening to our customer's feedback, both good and bad. It is through honest and independent feedback from Trustpilot that we genuinely strive to provide the best possible service.

Fair Fee – Fair Play – Integrity

We are committed to achieving the highest possible price for your property come what may. Normie & Co. will not advertise unsustainable short term fee promotions that may lead to clients having to settle for less. We will never manipulate online statistics to exaggerate sales.

Buyers Tips

1 Get a good solicitor

Getting a good solicitor will help to ensure the buying process goes as smoothly and quickly as possible. Ask friends and family members for any recommendations or we are more than happy to refer some solicitors to you. We recommend getting a few quotes but remember that cheap doesn't always mean best. When you contact a potential solicitor ask how long their average transaction takes to go through.

2 Get your finances in place

Make sure you have your financial arrangements sorted out before you start to look at properties and have looked into what mortgage deals you could get.

If you need a mortgage get this arranged, the broker will give you a certificate/ AIP which we will need sight of if an offer is accepted – we are able to recommend mortgage advisers if required.

If you don't require a mortgage please arrange for us to have sight of a bank statement or letter from your bank/accountant to verify proof of funds. The agent has a duty to check this and it has to remain confidential.

3 Viewings

Do your homework, drive past the outside first, look at the room sizes and the floorplan – does it work for you? Look at the immediate area, read the details thoroughly – if all OK, ring and book the viewing before someone else snaps it up.

4 Consider The Seller Of The Property

It is important that you establish the speed with which the seller wants to move at the outset. If the answer is as quickly as possible, you should consider whether that fits with your circumstances? If they are moving to a new job that doesn't start for months, will you be able to find a temporary home?

5 A great local team, with years of experience - use us!

We pride ourselves on being a team with vast experience in the estate and lettings sector. When customers write in with thanks they often mention individual team members. We ensure customers get the right expertise from the right team member to meet their needs.

6 Communicate during the property buying process

Don't disappear on holiday for two weeks without informing all necessary parties. Don't ignore any aspects of letters about the purchase that you don't understand. Raise any queries you have about the purchase immediately.

Marketing Your Property

Maximum exposure

Normie & Co's state of the art website along with enhanced marketing packages on Rightmove, Zoopla, PrimeLocation and many more property sites ensures maximum exposure for your property. In addition we utilise email marketing and pride ourselves in maintaining a current buyer database to match buyers with properties.

Total coverage with digital, on and off-line marketing

Personalised Social Media Advertising – No other local agent harnesses the full power of social media to attract a unique audience to your property. Your property will be seen on Facebook, Twitter and Instagram.

The Level Of Service YOU Deserve

Every viewing, expertly accompanied

When some agents send ill-informed juniors to 'accompany' viewings, we'll only send an experienced professional to show buyers around your property. It is through the calibre of our viewings we can ensure constructive feedback which can be so important.

Frank feedback

When gathering feedback from potential buyers some agents will be happy with the answer of "it's not for us". We, on the other hand, try and ensure that inciteful and detailed information is received and any questions and concerns that a viewer may have can be answered

Regular, prompt contact

Once you instruct us, we'll be in regular contact with you, and we aim to give you constructive feedback within 24 hours of every viewing.

Evenings & weekends - no problem

Of course some buyers aren't able to view properties during standard working hours and need to arrange weekend viewings. That's why we're happy to say we can accommodate viewings on Saturdays, Sundays and in the evening, giving people the flexibility they need to make the right decisions.

It doesn't stop at the offer

In fact this is where an agent can really add value and certainly sets us apart. Once you accept an offer we not only help liaise with your Solicitor, we take on the tough job of chasing and cajoling any buyers, sellers, solicitors, mortgage brokers as necessary to make sure your property sale completes – and on time. Until that point arrives, we will continually update you so you know things are in-hand.

SUCH A SMALL PRICE TO PAY FOR PEACE OF MIND

A house purchase is the largest single investment most of us make in our life time and to consider such a purchase without the benefit of professional advice from an independent company, such as RSC Chartered Surveyors would seem, to say the least, imprudent.

Robert Cohen established RSC Chartered Surveyors in July 1994 and moved offices from Altrincham to Cheadle in December 2004.

Most house purchasers still rely on the Valuation Report prepared for their mortgage lender, although that report is primarily for the lenders own purposes, it is based purely on financial grounds and not on any structural basis. It is not, therefore, a survey.

A survey, such as the RSC Intermediate Survey and Report (with or without a valuation) or the more in-depth Survey and Report should be considered. The type of survey that will suit will depend on the age, size and type of property.

Both types of survey are aimed at identifying defects which may require repair in order to prevent further deterioration, or to advise on future likely issues.

The survey can also draw attention to defects which can have a significant effect on value and can form the basis for further negotiation on the purchase price. The cost of a survey may end up being only a fraction of the saving made through re-negotiation and is, in percentage terms, a relatively small amount to pay for peace of mind and professional advice; something a mortgage valuation will not provide.

The RSC Intermediate Survey and Report (with or without a valuation) is suited to most residential property of a standard size, from smaller terraced houses to larger detached properties of a more recent construction. The Survey and Report is best suited to larger and older properties. The cost of a survey will vary, depending on the age, type of property and type of survey required.

Some of the services offered by RSC Surveyors include:

- Mortgage Valuations (only by special arrangement)
- Private Valuations
- Portfolio Valuations
- Probate (Inheritance Tax) Valuations
- Intermediate Surveys (Valuation Survey when a valuation is provided)
- Survey (sometimes referred to as a Survey and Report)
- Commercial private valuations, pension fund valuations and ingoing photographic schedules of condition

Robert Cohen FRICS FISVA, is an experienced independent surveyor with a wealth of knowledge and many years experience in survey and valuation work throughout North and South Manchester, Greater Manchester and the surrounding areas.

The business is approachable and friendly and will advise on the appropriate level of survey that is most suited to your needs.

Following an inspection and receipt of the report, the findings of the report can be discussed either face to face in the office, or over the phone and you will be advised on the best course of action.

When you are about to make such a large investment in your new property, it makes sense to commission a survey and ensure real peace of mind. RSC Chartered Surveyors are ready, willing and able to help you achieve this.
